

To You
All World Citizens

Oslo – 11.11.2021

A WORLD IN PEACE

Dear You,

I am a citizen working for peace.
We all need peace.

11 November 11 am - 1918. 11.11.11.
The time of ***The Armistice***, and the end of World War One.
A very cruel war which claimed 18 million human lives.

Today it is 11.11.2021.
And I am writing to You today, - while I am *alive*.
With the wish; - ***That we now together end all war and violence in the world.***

Together we can create the world we want.
But, we must make conscious choices to the best for us all.

I see our world as a *Global Village*.
Therefore I *do not* think it is good,
that we as community still are spending *Trillions of Dollars* developing
and strengthening our military muscles against each other, - including nuclear weapons.

This, when almost 700 million of us are living in hunger.
And over 80 million of us are on the run.

Force and weapons do not create fair distribution of resources.
Nor lasting peace and freedom.
The world is telling us that.

I therefore now appeal to us all, - *in all countries*.
That we now together:

Lay down our weapons !

We then liberate enough resources to help everyone in need.
We then create a world with:

*Food for everyone.
Home for everyone.
Peace and freedom for everyone.*

Yes - security and happy life for us all.

Life ...

*So vulnerable
that the most cautious step may not carry until
tomorrow*

*So strong
that the next step the first movement opens for the most
secure*

Yes - such is life

Security ...

*To be able to eat full.
To be able to come home.*

*Have a home.
A good, warm and secure home.*

*For many of us
With those we love the most.
We all need security.*

We all need peace ...

World Citizens !

*All Heads and Leaders of states and governments in the world ! - Military leaders, soldiers, police,
organizations, groups, and all single individuals in the world !*

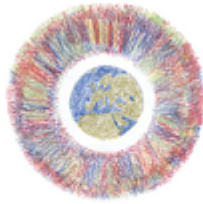

Disarm ! - Disarm ! - Disarm !

*Beat your swords, your weapons, into another practice, for PEACE.
To the children in the world, to their FREEDOM to rise with no more fear from war and violence !*

Disarm ! - Love ! - Unite !

Thank you !

WORLDPEACE

Sincerely Yours
